ANCWin

One view of every subsidiary's federal contracts, recompetes and open 8(a) work

An Alaska Native Corporation's federal record is spread across dozens of company names. ANCWin puts the family in one place, from public SAM.gov and USAspending.gov data, refreshed every day.

What the public record shows today (November 18, 2026)

17
Alaska Native corporate families tracked

$46.3 billion
in federal contracts active since FY2022

1,897
of their contracts end in the next 12 months ($10.4 billion obligated to date)

34
8(a) set-aside and sole-source notices open on SAM.gov now

What your team gets

- **A profile for every company and joint venture**, started from the contracts it already holds
- **8(a) and sole-source notices first**, matched to each subsidiary's NAICS codes every 6 hours
- **Recompete flags at 12, 9 and 6 months** on the contracts your family holds
- **Incumbent and award history** on every notice
- **A weekly report** for the people you name, and a portfolio view for leadership

Corporate Family plans

Platform
$2,500 a month
Every subsidiary, every joint venture, unlimited users. Month to month.

Managed BD Desk
$5,000 a month
Platform plus a weekly 30-minute pipeline review and a written bid/no-bid brief on the top five opportunities each week.

Start with
A 90-day pilot
Measures agreed up front. At day 90, keep it or stop.
